EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Phillip Articola on September 18, 2006.

The application has been amended as follows:

Claims 11-27 and 30-34 are cancelled.

Examiner's Statement of Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

The claimed apparatuses present a unique network in which video apparatuses establish connections between each other over the network without direction from a network manager. This feature, when presented in combination with the nature of the information being shared between video apparatuses, said information being inclusive of stored programs on video apparatuses, presents a system which is not anticipated nor rendered obvious by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
